**Subject: Thanks for Fantastic Turfgrass**  
Just over a week ago we ordered turf from Westwood Turf Farm Inc. The service and your turf was fantastic. No waste in our 2000 sq ft. Every yard of sod looked great.

Hi. I just want to let you know how pleased we are with our new sod. The moment it came off the truck it was healthy, lush and green! It has been great for the past two months - we couldn't be happier. We get many compliments either by people that see it in person or by pics we post - not of the grass, but people notice and comment about the grass! Thank you so much and we will be sure to recommend your business to others.

Wow! Here's a beautiful Barkman mesa flagstone driveway - lined with Holland pavers - created by local landscaper Brett Rumpf!

Thank you very much!  
It was an absolute pleasure working with you! Right from the phone call you were more than accommodating and helpful, Nice to speak with, your driver was fantastic, and the sod turned out nicer than expected, excellent five star first time experience. It's quite obvious you guys put customer service first. Look forward to working with you in the future.  
Thanks again!

Hi folks!  
Just wanted to let you know that I returned the four pallets and that the sod was awesome and my yard looks like a million bucks now. Thanks

Local landscaper Greg Edwards has created an amazingly cool labyrinth for a neighbourhood school!

Wow! What a well run business! I had phenomenal service from this company! I shorted myself on sod but the administration, driver and helper went above and beyond to make sure I got the pieces I needed in a timely manner. They were accommodating and understanding when I couldn't meet my pickup time, and they adjusted for me! If I ever have to sod again this is the company I WILL use and I recommend it to anyone in the area or slightly out of haha. (we live in Kitscoty, AB and they delivered to us no problem.)
